One Year.....\$12.00	Three Months.....\$3.00
Six Months.....\$6.00	One Month.....\$1.00
Delivered by Carrier \$1.25 Per Month	

\$10 REWARD.

A reward of \$10 will be paid for information that will lead to the arrest and conviction of parties stealing The Bonanza from subscribers.

TO SUBSCRIBERS.

Parties who do not receive their papers, or who have any cause of complaint, will oblige The Bonanza by notifying this office.

All legal advertisements will be charged for at the rate of \$2.00 per square for the first insertion. There will be no exception to this rate. No affidavit of publication will be made until the advertisement is paid for.

No advertising cut, one inch square or smaller, will be accepted unless made of metal. No wood type cuts of this size will be used. Wood cuts are dangerous to forms and press.

Entered at the Postoffice in Tonopah as second-class matter

A Serious Predicament

Tonopah today is facing a serious predicament and the earnest co-operation of every person in the district is needed before conditions can be remedied. An epidemic of scarlet fever is threatening and in order to prevent the spread of the disease it is necessary that all parents join with the health board in effectively stamping out the malady.

Fortunately, the disease is light in character and no fatalities have resulted thus far. However, it can never be foretold when the fever will appear in a more malignant type and cause a number of fatalities. The board of school trustees has issued orders closing the schools, thus preventing the children from gathering together and permitting the transmission of the germs. The board of county commissioners has likewise issued orders forbidding the children under the age of 21 to attend any theaters, and at the same time a general warning has been issued asking parents to keep their children off the street.

Every due precaution is being taken and with effective work on the part of all parents the disease can be stamped out within a few days. The vigilance must not be relaxed one instant, for should the epidemic become general the entire community will suffer a heavy loss, while innumerable deaths may be the ultimate result.

Intervention in Mexico

Yellow Journals throughout the United States have long urged upon President Taft to take a hand in the internal complications that are now upsetting the peace of our sister republic, Mexico. Great pressure has been brought to bear upon the president and it was only yesterday that he gave an announcement which thoroughly explains the position of this government. In the statement the president declares that as soon as Americans were attacked for the simple reason that they were Americans, then he would ask congress to take a hand in the situation.

It is evident that many of those who are crying upon the government to intervene in Mexico do not remember the trouble in the United States between the years of 1881 and 1886. Had some outside government taken a hand in the war the American government might not be in existence today. The same situation is to be observed in Mexico. The trouble should be settled without outside interference, although should Americans be made the object of attacks simply on account of their nationality, there would be just cause for our troops to join in the mix-up. The trouble can be settled without the taking of American lives and this fact should be carefully considered by both factions.

The Stand Of Nye County

The Barnes divorce bill is by far the most important measure to come up for consideration by the present legislature and in every county but Nye petitions have been placed in circulation by those who favor amending the law to require 12 months' residence before application can be made for divorce. In Nye county it was unnecessary to circulate petitions for a solid delegation left this district, all having declared themselves in favor of more stringent laws.

When the bill came up for passage in the assembly the five members of the Nye county delegation were unanimous in favoring the measure. The bill will shortly come up in the senate and it is believed that both Senators Kendall and Scanlan will go on record as favoring the measure. Such a united front places Nye in the front ranks of the most progressive counties in this state for it clearly demonstrates there is a firm conviction that once the divorce industry is wiped off the boards, other industries will be opened up and Nevada will profit through the change.

Reno merchants declare that the trade of the 500 members of the divorce colony is the only thing that allows them to continue in business. No mention is made of the trade of thousands of bona fide Reno residents. The consistency of the argument had better be explained in detail that outsiders might be led to believe that only divorce seekers spend money in this state.

The recall of Receiver Frank Wildes of the State Bank and Trust company might produce better results than the recall of District Judge Frank Langan, the official who appointed Wildes to that position. The interests of the depositors could be best protected by the removal of both men from office.

"Has anybody here seen Roosevelt?" would be an appropriate song to be rendered during the inaugural ceremonies on March 4. It would be more effective if sung by Hiram Johnson, although almost anybody would receive an encore.

The state legislature is going to investigate the charges that a certain state officer is a native of Germany, has never been naturalized, but has voted for many years and is now on the state payroll. It is a safe bet that if the officer in question happens to be a democrat the democratic legislature will completely whitewash the entire affair.

IN PLACING YOUR DRUG TRADE

Don't let the fact of a drug store being handy overshadow your good judgment in buying. The nearby store may be a reliable store and it may not. Your own health and that of your family demand that you should know about the matter before you place your drug trade.

If ours is your nearby store we want you to investigate our methods and the quality of goods we sell. They'll stand the most searching investigation.

If we are at a distance it will pay you to look us up anyway. There are many reasons why placing your drug trade with us will be to your advantage. We deliver all goods free.
